DECLARATION OF
COVENANTS CONDITIONS & RESTRICTIONS

This Declaration is made this 14th day of Dec., 1995 by the KERN WATER
BANK AUTHORITY, a California Joint Powers Authority ("KWBA") for the benefit of the
KERN COUNTY WATER AGENCY, a California public agency ("Agency").

WHEREAS, KWBA and Agency have entered into a Transfer and Exchange
Agreement, dated December 13, 1995, which at Section 3 provides for execution and
recording of this Declaration upon the Agency transferring the Real Property described at
Exhibit B to KWBA.

NOW, THEREFORE, KWBA DOES HEREBY PROVIDE THIS DECLARATION
OF COVENANTS, CONDITIONS & RESTRICTIONS:

1.0 Definitions: The following definitions shall apply to this Declaration:

(a) "Agency Basic Contract Member Units": shall mean those member
units that entered into long-term water supply contracts with the Agency prior to January 1,
1996, for an entitlement to a portion of the State Water Project furnished to the Agency
annually by the State of California pursuant to the Agency’s November 15, 1965 water supply
contract with the State of California and any amendments thereto.

(b) "Agency Non-Basic Member Units": shall mean any member units of
the Agency other than Agency Basic Contract Member Units.

(c) "Agency Member Units": shall mean member units of the Agency as
that term is defined in Section 2(g) of the Kern County Water Agency Act, California Statutes
1961, Chapter 1003, as amended.
(d) "Member Entities": shall mean those entities that have become members of the Kern Water Bank Authority by executing the Joint Powers Agreement for the Kern Water Bank Authority, and their successors and assigns that become members.

(e) "Project": shall mean the Project described in Article V of the Joint Powers Agreement for the Kern Water Bank Authority.

(f) "Property": shall mean the approximately 19,890 acres of real property together with all improvements thereon located within Kern County, California, more fully described in Exhibit A attached hereto and incorporated herein by reference.

(g) "SWP Agricultural Contractors": for purposes of this Declaration shall mean the following State Water Project contractors: County of Kings; Dudley Ridge Water District; Empire West Side Irrigation District; Kern County Water Agency; Oak Flat Water District; and Tulare Lake Basin Water Storage District.

(h) "SWP Urban Contractors": shall mean every State Water Project contractor other than the SWP Agricultural Contractors.

2.0 General - Property Benefitted & Burdened By Declaration: It is the intent of the parties that each restraint or restriction relating to the use, repair, maintenance or improvement of the Property shall constitute a covenant running with the land, binding upon all successive owners of all or any portion of the Property. Such covenants shall be for the benefit of the land of Agency as described in Exhibit A, and shall burden the Property described in Exhibit B.

3.0 Use Of Property:

3.1 The annual consumptive use of groundwater upon any of the Property by KWBA, any successor in interest to KWBA, or any transferee of any interest in the Property, shall be limited to 0.3 acre feet per acre; provided however, that KWBA, any successor in interest thereto, or any transferee of any interest in any of the Property may make arrangements for additional supplies, which may include water banked by KWBA and/or its Member Entities. In the event of a breach of the restrictions provided for in this Section, Agency shall have the rights and remedies provided for in Section 3.6.

3.2 Neither the whole, nor any part, nor any interest in the property described in Exhibit C, may be sold, transferred, leased, subleased, assigned, conveyed or encumbered without the express prior written consent of Agency Board of Directors, provided that (i) Agency shall not unreasonably withhold such consent; and (ii) upon consultation with the Agency, such property may be encumbered as a bona fide security for improvements upon this Property used for water banking purposes and such restrictions on transfer shall not apply to any transfer upon or deed in lieu of foreclosure of such permitted encumbrance or be binding upon any transferee pursuant to or in lieu of foreclosure or upon
such transferee's successors and assigns. In no event shall withholding of consent of the
Agency be deemed unreasonable if Agency determines that the property involved can be used
economically for groundwater storage and recovery for agricultural water use in Kern County.
If Agency so determines, and KWBA disputes such determination, the matter shall be
resolved by arbitration in accordance with the provisions of Title 9 (commencing with Section
1280) of Part 3 of the California Code of Civil Procedure. In determining whether the
property affected can be economically used for groundwater storage and recovery for
agricultural use in Kern County, the arbitrator shall not consider the possible economic returns
from any other potential uses of the property. If the arbitrator determines that the property
affected can not be used economically for such purpose, and KWBA thereafter elects to
dispose of such property, Agency shall have a right of first refusal to purchase or lease such
property on the same terms and conditions as those provided for in the proposed sale or lease.
Any offer, acceptance, or agreement for such sale or lease by KWBA with a third party must
state in writing that it is subject to such rights of Agency. KWBA shall serve written notice
on Agency of the terms of such proposed sale or lease, and or any material amendments or
modifications of such terms. Agency shall have 90 days after receipt of written notice of the
terms of such sale or lease, or of any material amendments or modifications of such terms,
whichever is later, to exercise such right of first refusal. In the event of a breach of the
restrictions provided for in this Section, Agency shall have the rights and remedies specified
in Section 3.6.

3.3 The property described in Exhibit D may be sold, transferred, leased, subleased, assigned, conveyed or encumbered; provided that all of the net proceeds from such
disposition shall be used solely for the development, operation (including purchase of water)
or maintenance of the Project, including any amortization of indebtedness incurred for such
development, operation or maintenance, unless (i) substantially all the property described at
Exhibit C has been or is being disposed of because it has been determined by the Agency or
an arbitrator in accordance with the procedure set forth in Section 3.2 that the property
described in Exhibit C can not be used economically for groundwater storage and recovery for
agricultural water used in Kern County, or (ii) otherwise agreed to in writing by the Agency.
In the event of a breach of the restrictions provided for in this Section, Agency shall have the
rights and remedies provided for in Section 3.6.

3.4 The property described in Exhibit E may be sold, transferred, leased, subleased, assigned, conveyed or encumbered; provided that all of the net proceeds from such
disposition shall be used solely for the development, operation (including purchase of water)
or maintenance of the Project, including any amortization of indebtedness incurred for such
development, operation or maintenance, unless (i) substantially all the property described at
Exhibit C has been or is being disposed of because it has been determined by the Agency or
an arbitrator in accordance with the procedure set forth in Section 3.2 that the property
described in Exhibit C can not be used economically for groundwater storage and recovery for
agricultural water used in Kern County, or (ii) otherwise agreed to in writing by the Agency.
In the event that any of the property described in Exhibit E is sold, transferred, or conveyed,
and KWBA does not retain and reserve a fee interest or a permanent exclusive easement, to
each of the well sites located thereon described in Exhibit F, together with any pumps or
motors or other equipment used in connection with such wells, Agency shall have and is
hereby granted an option (the "Option") to purchase such property at the fair market value.
Agency may exercise the Option only if KWBA attempts to sell, transfer or convey any
property listed on Exhibit F without retaining and reserving the well sites located thereon
listed on Exhibit F. The Option shall be exercised by the Agency providing written notice
to KWBA of the exercise of such option within 30 days of Agency's receipt of written notice
from KWBA or any record owner of title to such property of a proposed sale, conveyance or
transfer. Within 90 days of the date the parties agree as to the fair market value of the
Property or within 90 days of the date of the appraisal provided for below, whichever is
earlier, Agency and the owner of such property shall enter into the purchase agreement
attached hereto as Exhibit G. The purchase price for such property shall be the fair market
value of the property. In the event that the parties do not agree to the fair market value of
the property within 30 days after the exercise of the Option, the parties shall select an M.A.I.
appraiser to appraise the property. Each party shall pay one-half of the cost of such appraisal.
In the event that the parties do not agree upon an appraiser within 45 days after the exercise
of the Option, each party shall name an appraiser, and those appraisers shall jointly name an
appraiser to appraise such property. In no event shall KWBA consummate more than three
transfers or other transactions subject to this section without retaining the rights to such well
sites.

3.5 KWBA may request that Agency make property which is subject to the
restrictions contained in 3.2, subject instead to the provisions of 3.3. Such modification shall
be subject to the written consent of the Agency; provided, Agency shall not unreasonably
withhold such consent. If the Agency so determines, and KWBA disputes such determination,
the matter shall be resolved by arbitration in accordance with the provisions of Title 9
(commencing with Section 1280) of Part 3 of the California Code of Civil Procedure. In the
event the Agency so consents, Agency and KWBA shall promptly execute, acknowledge and
record an appropriate amendment to this Declaration containing such modification.

3.6 In the event that KWBA, or any successor in interest to KWBA, or any
transferor, lessee, sublessee or assignee of the Property affected, shall violate any of the
restrictions or restraints upon such Property, or enter into any agreement which would cause
such restrictions or restraints to be violated, or otherwise breach the terms of Sections 3.2,
3.3, 3.4 or 3.5, Agency shall have the following rights and remedies, at its sole election:

3.6.1 Agency shall be entitled to a temporary restraining order, and
preliminary and permanent injunctions, restraining the breach of such restrictions; and in
addition; any sale, transfer, lease, sublease, assignment, conveyance, encumbrance or use in
violation or breach of the terms of Sections 3.3, 3.4 or 3.5 of this Declaration shall be void
and of no force or effect; and Agency shall further be entitled to declaratory relief so
providing;
3.6.2 Agency shall be entitled to any other remedies it may have at law or in equity.

3.7 The foregoing provisions of Sections 3.1 through 3.6 of this Declaration shall not apply if KWBA elects to change its form to another form of public entity, and in connection with such change of form transfers title to the Property to such successor entity, provided that (i) 66-2/3% of the members of the KWBA are members of or participants in the successor agency; and (ii) such successor agency assumes the obligations under this Declaration in the same manner as required of the KWBA. The foregoing provisions of Sections 3.1 through 3.6 of this Declaration also shall not apply to any succession to the rights, interests and obligations of KWBA pursuant to Section 5.6(c) of the Joint Powers Agreement of the KWBA, dated October 16, 1995, as amended from time to time, provided that the reconstituted Authority assumes the obligations under this Declaration in the same manner as required of the KWBA.

4.0 Priorities For Use Of The Project:

4.1. The KWBA Member Entities shall have the first priority right to use the Project for the recharge, storage and/or recovery of water primarily for the use within the boundaries of the Agency and Dudley Ridge Water District. Included within such priority will be uses of the Project for recharge of high flow Kern River flows under terms and conditions of agreement(s) entered into between the KWBA or any of its Member Entities and the holders of Kern River water rights. The KWBA and/or its Member Entities intend to enter into long term exchanges and programs with other entities including entities outside of Agency boundaries. Such exchanges will be subject to the following:

4.1.1 Any such exchange or program with interests outside the boundaries of the SWP Agricultural Contractors, shall be subject to the approval of Agency under the same terms and conditions as Agency applies to other Agency Member Units.

4.1.2 If approved, these transactions will be included in this first priority use category.

4.2 To the extent there is recharge, storage and/or recovery capacity available in the Project facilities beyond that needed for the first priority ("Excess Capacity"). Agency Basic Contract Member Units, including Agency and its improvement districts, shall have the second priority right to use the Project for the recharge and/or recovery of water for use in the boundaries of Agency if they pay the Fair Compensation for such use or a lesser amount agreed to by KWBA. The meaning of "Fair Compensation" shall be the same as that set forth in California Water Code section 1811. The KWBA Board of Directors may establish from time to time such rates consistent with said section 1811.

4.3 The third priority shall be any Agency Non-Basic Contract Member Unit for use within Kern County. subject to the approval of terms and conditions acceptable
to the KWBA and approval of Agency, where Agency approval would otherwise be required absent the Project.

4.4 The fourth priority shall be any person, entity or organization within the County of Kern for use within Kern County, subject to terms and conditions acceptable to KWBA and approval of Agency, where Agency approval would otherwise be required absent the Project.

4.5 Any excess Capacity available beyond that needed for these first four priorities can be made available to other persons, entities, or organizations, including SWP Urban Contractors, on terms and conditions acceptable to the KWBA and Agency.

IN WITNESS WHEREOF, this Declaration has been executed the date first above written.

The Real Property shall also include all of the following additional real, personal, and mixed property located on or relating to the Real Property: (i) all water rights and water contracts owned or used by Seller relating to the Real Property, excepting water in storage underlying the Property in the Kern Water Bank; (ii) all buildings, improvements and fixtures; (iii) all wells, pumps, motors and equipment; and (iv) all permits, approvals, easements, licenses, or other rights appurtenant to, or relating to the Property. The Real Property and the additional property described herein are collectively referred to as the "Property".

2. **Purchase and Sale Price.**

   2.1 Seller agrees to sell to Buyer and Buyer agrees to buy from Seller, all of the Property. The purchase price for the Property is the fair market value as determined in Section 2.2 (the "Purchase Price"). At least one business day prior to the Close of Escrow, Buyer shall deposit with the Escrow Holder, a bank cashier's, certified check or wire transfer in the amount of the Purchase Price.

   2.2 The Purchase Price is determined in the manner provided for in Section 3.4 of the Declaration. That section provides that the purchase price for such property shall be the fair market value of the property. In the event that the parties cannot agree to the fair market value of the property within 30 days after the exercise of the Option, the parties shall select an M.A.I. appraiser to appraise the property. Each party shall pay one-half of the cost of such appraisal. In the event that the parties do not agree upon an appraiser within 45 days after the exercise of the Option, each party shall name an appraiser, and those appraisers shall jointly name an appraiser to appraise such property.

3. **Escrow.** "Escrow Holder" shall be Chicago Title Insurance Company, located at 4700 Stockdale Highway, Bakersfield, California 93309. This Agreement shall, to the extent possible, act as escrow instructions. The parties agree to execute all further escrow instructions required by Escrow Holder, which further instructions shall be consistent with this Agreement. "Close of Escrow" is defined to be the recording of the Grant Deed from Seller to Buyer for the Real Property, which shall occur on or before

4. **Costs and Fees.** Buyer and Seller shall each pay one-half of (i) Escrow Holder's fees; (ii) the cost of preparing, executing, and acknowledging any deeds or other
instruments required to convey title to Buyer; (iii) the cost of recording the Grant Deed required to convey title to the Real Property to Buyer or its nominee; and (iv) any taxes imposed on the conveyance of title to the Real Property to Buyer under the Documentary Transfer Tax Act. Seller shall pay any other closing costs, including the cost of the title insurance policy provided for in this Agreement.

5. Title.

5.1 Upon Close of Escrow, the title to the Real Property shall be subject only in those exceptions numbered ______ on Preliminary Title Report No. ______ (dated ____________________) ("Preliminary Title Report").

5.2 Upon Close of Escrow, the Property shall be free of all other liens or encumbrances, and Seller shall, except as to the Declaration, at its sole costs and expense, cause any title exceptions not expressly approved in 5.1 above to be removed from the Preliminary Title Report and policy of title insurance prior to Close of Escrow.

6. Possession. Full possession of the Property shall be delivered to Buyer at Close of Escrow.

7. Representations and Warranties of Seller. Seller hereby represents and warrants to Buyer that:

7.1 Seller is a California joint powers agency in good standing and has full power and authority to execute and enter into this Agreement and to consummate the transactions contemplated hereunder. This Agreement constitutes a valid and binding agreement of Seller enforceable in accordance with its terms.

7.2 To the best of Seller’s actual knowledge, during Seller’s ownership of the Property, Seller’s ownership, use, and operation of the Property has been and is in compliance with all applicable state, federal and local statutes, ordinances, orders, requirements, laws or regulations affecting the Property.

7.3 At Close of Escrow, the Property will not be subject to any liens, or encumbrances other than those approved in Sections 5.1 and 5.2 above, and except as disclosed on Exhibit 7.3 there is no pending or to the best of Seller’s actual knowledge threatened litigation or administrative proceedings affecting the Property or this Agreement. Buyer is not assuming any monetary liabilities, liens, encumbrances, or obligations of any kind (whether contractual or otherwise) related to the ownership and use of the Property by Seller prior to the Close of Escrow.

7.4 To the best of Seller’s actual knowledge, during Seller’s ownership of the Property, except as listed on Exhibit 7.4 hereto:
7.4.1 There have been no Hazardous Substances, or storage tanks containing Hazardous Substances, placed in, on, under, or about the Real Property, except as disclosed in the Master Agreement.

7.4.2 Seller has not conducted or authorized the generation, transportation, storage, treatment, or disposal on the Real Property of any Hazardous Substance;

7.4.3 The Real Property is not in violation of any federal, state, or local law, ordinance, regulation, order, decree or judgment relating to environmental conditions on, under, or about the Real Property.

7.4.4 There have been no (i) pending or threatened litigation or proceedings before any administrative agency; (ii) pending notices from any governmental authority, or employee or agent thereof; or (iii) communications, notices, or agreements with any governmental agency or private party any of which relate in any way to the presence, release, threat of release, placement, generation, transportation, storage, treatment, or disposal of any Hazardous Substance.

7.5 As used herein, the term actual knowledge shall mean (i) such actual knowledge of any executive, managerial, professional or technical employee of such party whose job or management duties relate in whole or in material part to the Kern Water Bank project, or (ii) information contained in written files, records or documents in the possession or control of the party to be charged with such knowledge.

“Hazardous Substance” shall have the meaning given to such term in Section 1.7 of the Master Agreement.

8. Representations and Warranties of Buyer. Buyer hereby represents and warrants to Seller that:

8.1 Buyer has the full power and authority to execute and enter into this Agreement and to consummate the transactions contemplated hereunder; and

8.2 This Agreement constitutes a valid and binding agreement of Buyer enforceable in accordance with its terms.

9. Survival of Representations and Warranties. All of the representations and warranties of Buyer and Seller made in conjunction with or pursuant to this Agreement shall survive the Close of Escrow and the delivery of the Grant Deed.

10. Buyer’s Conditions of Closing. The Close of Escrow and Buyer’s obligation to purchase the Property pursuant to this Agreement are expressly conditioned on:
10.1 The conveyance to Buyer of good and marketable title to such Property, as evidenced by a standard form CLTA Title Insurance Policy in the amount of $______Dollars ($______), issued by Escrow Holder, subject only to such liens or encumbrances, as are expressly approved by Buyer in paragraph 5.1 of this Agreement.

10.2 Buyer's final inspection and reasonable approval of the condition of the Property.

10.3 Seller having delivered into escrow all documents or instruments required by this Agreement, and having complied with all other covenants and conditions to be performed or complied with by Seller; and

10.4 The representations and warranties of Seller contained in this Agreement being true on and as of the Close of Escrow as if the same were made on and as of such date.

11. Failure of Buyer's Conditions. Buyer shall notify Seller and Escrow Holder prior to the Close of Escrow of the failure of any of the conditions set forth in this Agreement. Should any of the conditions to Buyer's obligation to close the escrow and complete purchase of Property as specified in this Agreement fail to occur prior to the date established herein for the Close of Escrow, Buyer shall have the power, exercisable by giving written notice to the Escrow Holder and to Seller, to waive the condition or to cancel the Escrow, terminate this Agreement, and recover all amounts paid to Seller or to the Escrow Holder on account of the Purchase Price for the Property. The Escrow Holder shall be, and is hereby irrevocably instructed by Seller and Buyer, on any such failure of conditions and receipt of such cancellation and termination notice from Buyer, to immediately refund and deliver to Buyer all monies and instruments deposited by Buyer in Escrow pursuant to this Agreement, and to deliver to Seller all instruments deposited by Seller in escrow pursuant to this Agreement.

12. Seller's Conditions of Closing. The Close of Escrow and Seller's obligation to complete the sale of the Property to Buyer is conditioned on:

12.1 The representations and warranties of Buyer contained in this Agreement being true on and as of the Close of Escrow as if the same were made on and as of such date; and

12.2 Buyer having delivered into escrow the Purchase Price and all other funds as required by this Agreement and having complied with all other covenants and conditions to be performed or complied with by Buyer.

13. Failure of Seller's Conditions. Should any of the conditions to Seller's obligation to close the escrow and complete the sale of the Property as specified in this
Agreement fail to occur prior to the date established herein for the Close of Escrow, Seller shall have the power, exercisable by giving written notice to the Escrow Holder and to Buyer, to cancel the Escrow and terminate this Agreement. Seller's cancellation of the Escrow pursuant to this paragraph shall not constitute a waiver of any other rights or remedies available to Seller from breach of this Agreement by Buyer. The Escrow Holder shall be, and is hereby irrevocably instructed by Seller and Buyer, on any such failure of conditions and receipt of such cancellation and termination notice from Seller, to immediately refund to Buyer all monies and instruments deposited by Buyer in Escrow pursuant to this Agreement, and to deliver to Seller all instruments deposited by Seller in Escrow pursuant to this Agreement.

14. **Items to be Delivered at Close of Escrow.**

14.1 Seller shall execute in Escrow or deliver to Escrow Holder for delivery to Buyer at Close of Escrow:

14.3.2 Cause the final policy of title insurance to be issued and delivered to Buyer.

14.3.3 Deliver the Bill of Sale to Buyer.

16. **Indemnification.**

16.1 From and after the Close of Escrow, Seller shall indemnify and hold harmless Buyer (and Buyer's directors, officers, agents and employees) against and in respect of any and all claims, demands, damages, liabilities, losses, judgments, assessments, costs and expenses (including reasonable attorneys' fees) of any kind or nature whatsoever which may be asserted by anyone against Buyer (or Buyer's directors, officers, agents or employees):

16.1.1 By reason of any act, omission, or event relating to the Real Property arising, or occurring during Seller's ownership of the Property; or

16.1.2 Based upon or related to a breach of any representation, warranty, or covenant made by Seller in this Agreement or in any exhibit, document, statement, schedule or certificate delivered pursuant to this Agreement.

16.2 From and after the Close of Escrow, Buyer shall indemnify and hold harmless Seller (and seller's members, officers, agents and employees) against and in respect of any and all claims, demands, damages, liabilities, losses, judgments, assessments, costs, and expenses (including reasonable attorneys' fees) of any kind or nature whatsoever which may be asserted by anyone against Seller (or Seller's members, officers, agents or employees):

Any prior or other agreements or representations between Buyer and Seller regarding those matters are null and void unless expressly set forth in this Agreement.

18. **Governing Law.** This Agreement shall be construed in accordance with and governed by the laws of the State of California.

19. **Notices.** All notices and demands of any kind which either party may be required or desires to serve upon the other party shall be in writing and shall be served upon

TRUST AGREEMENT

by and between

WESTSIDE MUTUAL WATER COMPANY, LLC,
a California Limited Liability Company
("Westside"),

and

KERN WATER BANK AUTHORITY,
a public entity created pursuant to the
Joint Exercise of Powers Act
(the "Authority")

As of October 17, 1995
TRUST AGREEMENT

This Trust Agreement is made and entered into as of October 17, 1995 by and between WESTSIDE MUTUAL WATER COMPANY, LLC, a California Limited Liability Company ("Westside"), and KERN WATER BANK AUTHORITY (the "Authority" or the "Trustee"), a public entity created pursuant to the Joint Exercise of Powers Act, Articles 1 and 2 of Chapter 5 of Subdivision 7 of Title 1 of the Government Code of the State of California (the "Law").

RECITALS

A. Westside is a party to that certain Joint Powers Agreement for the Kern Water Bank Authority dated October 16, 1995 (the "JP Agreement") which created the Authority for the purpose of developing, operating and maintaining the Kern Fan Element Property (approximately 19,890 acres) and related assets of the Kern Water Bank (the "Project") for the Authority's benefit and the benefit of Westside and the other entities which are members of the Authority (together, the "Members"). The Project is more particularly described in Exhibit A attached hereto and made a part hereof.

B. Pursuant to Section 5.8(b) of the JP Agreement, Westside has the right, exercisable by the delivery of written notice to the Authority, to elect to vest title to all water Westside spreads on the Project, for itself, its lessees and contracting parties, in the Authority, in trust for the benefit of Westside. Westside has made such election and delivered such notice to the Authority. As further authorized by Section 5.8(b) of the JP Agreement, Westside and the Authority now desire to better confirm such trust and establish its terms by this Trust Agreement.

C. This Trust Agreement, as originally executed or as it may from time to time be supplemented, modified or amended, is hereinafter referred to as the "Trust Agreement".

ARTICLE I

PURPOSE; ACCEPTANCE OF TRUST; DUTIES OF TRUSTEE

Section 1.1. Purpose. This trust is formed for the purpose of vesting title to all water to which Westside or its lessees or contracting parties are lawfully entitled and which Westside spreads or causes to be spread on the Project from time to time, for itself, its lessees and contracting parties (the "Water"), in the Authority, in trust for the benefit of Westside.

Section 1.2. Trustee Accepts Trust. By execution of this Trust Agreement the Trustee agrees to serve as Trustee and hold in trust and administer the Water pursuant to this Trust Agreement. The Trustee shall perform such duties as are expressly and specifically set forth in this Trust Agreement and such other duties as are reasonably
incidental thereto. The Trustee shall have and exercise such of the rights and powers vested in it by this Trust Agreement and available to the Trustee under the laws of the State of California and reasonably necessary to perform the duties of the Trustee hereunder. In the performance of its duties, the Trustee shall use the same degree of care and skill in their exercise as a prudent person would exercise or use under like circumstances in the conduct of such person's own affairs.

Section 1.3. Duties of Trustee.

(a) The Trustee shall receive and retain in trust under the terms of this Trust Agreement all Water spread on the Project by or for the benefit of Westside, its lessees and contracting parties. Westside shall direct the Trustee in the recharge, recovery, sale, transfer, delivery or other disposition of all Water and the Trustee agrees that it shall take no action with respect thereto in the absence of such direction, other than the actions required or permitted to be taken by the Authority under the terms of the JP Agreement and the Operating Rules and Regulations (as defined in Section 2.4(n) of the JP Agreement in effect from time to time (the "Operating Rules and Regulations").

(b) Westside hereby authorizes and directs the Trustee to execute and deliver, from time to time only as Westside may direct, any and all agreements and documents which may be required in order to recharge, recover, sell, transfer, deliver or otherwise dispose of any of the Water.

ARTICLE II

TRANSFER; REVOCATION; TERMINATION; SUCCESSOR TRUSTEE

Section 2.1. Transfer in Trust; Duration of Title to Water. Westside hereby grants, transfers and assigns to Trustee, in trust, on all the terms and conditions of this Trust Agreement, all Water heretofore or hereafter spread on the Project. Trustee shall be vested with title to Water in trust from the date the Water enters onto the Project until the date the Water is extracted from and conveyed outside the surface boundaries of the Project by or on behalf of Westside. Such period of vesting shall be automatic, without necessity of executing any further document or instrument of transfer. Subject to loss allocations under the certain Memorandum of Understanding Regulating Operatings and Monitoring of the Kern Water Bank Groundwater Banking Program dated October 26, 1995, title to Water during such period of vesting shall be and remain vested in Trustee in trust regardless of where the Water in underground storage is physically located from time to time.

Section 2.2. Trust Revocable. Irrespective of any other provision of this Trust Agreement, Westside may at its option at any time revoke this trust and vest title to the Water in (or as directed by) Westside by delivery of written instructions to such effect to the Trustee. Upon receipt of such instructions, the Trustee shall transfer title to the
Water to (or as directed by) Westside and the trusts created hereby shall thereupon terminate.

Section 2.3. Termination of Trust Upon Termination of Authority or Voiding of Trust Agreement. The trust shall be terminated automatically (a) in the event of the termination of the Authority by mutual consent of the Members or (b) if for any reason a party to this Trust Agreement has and exercises any statutory right to declare this Trust Agreement void. The Trustee shall thereupon transfer title to the Water to (or as directed by) Westside and the trusts created hereby shall thereupon terminate.

Section 2.4. Successor Trustee. Under Section 5.8(c) of the JP Agreement, any transfer of a Member's interest in the Authority will effect an immediate and automatic dissolution of the Authority and the immediate and automatic reconstitution of a new joint powers authority (the "New Authority") with rights, obligations and liabilities identical to those of the Authority. In such event, the New Authority shall immediately and automatically succeed the Trustee hereunder; provided, however, if requested by Westside, the successor Trustee shall signify its acceptance of such appointment by executing and delivering to Westside a written acceptance thereof including its agreement to be bound by this Trust Agreement. The successor Trustee, without any further act, deed or conveyance, shall become vested with title to the Water and all other properties, rights, powers, trust duties and obligations of the predecessor Trustee, with like effect as if originally named Trustee herein; but nevertheless the predecessor Trustee shall execute and deliver any and all instruments of conveyance or further assurance, and do such other things as may reasonably be required for more fully and certainly vesting in and confirming to such successor Trustee all the right, title and interest of such predecessor Trustee in and to the Water and any other property held by it under this Trust Agreement and shall pay over, transfer, assign and deliver to the successor Trustee any property subject to the trusts.

ARTICLE III

COSTS AND EXPENSES; INDEMNIFICATION;

LIABILITY OF TRUSTEE

Section 3.1. Costs, Expenses and Indemnification. The Trustee shall not be entitled to receive any fee or other compensation for serving as Trustee under this Trust Agreement. The Trustee shall bear all routine costs and expenses in administration of the trust which would be incurred absent creation of this trust (such as general overhead and office expense, personnel, accounting and non-litigation legal services), such routine costs and expenses to be funded from the Authority's budget under the JP Agreement. Westside shall indemnify and save the Trustee and its Members harmless against any liabilities which it or they may incur (other than such routine costs and expenses) in the exercise and performance of Trustee's powers and duties hereunder, including the enforcement of any remedies and the defense of any suit, and which are not due to Trustee's negligence or breach of fiduciary obligation (unless such
negligence or breach occurs at the direction of or by persons under the supervision and
control of Westside or its members, officers or agents). Such duty of Westside to
indemnify the Trustee and its Members shall survive the termination and discharge of
this Trust Agreement and the JP Agreement. Notwithstanding the foregoing, Westside
shall have no obligation to indemnify or hold harmless Trustee or its Members in the
exercise or performance by Trustee of powers and duties which are exercised pursuant
to, rather than in addition to, its powers and duties under the JP Agreement and the
Operating Rules and Regulations.

Section 3.2. Liability.

(a) The Trustee and its Members shall not be liable in connection with
the performance of Trustee’s duties hereunder, except for Trustee’s own negligence or
breach of fiduciary obligation (unless such negligence or breach occurs at the direction
of or by persons under the supervision and control of Westside or its members, officers
or agents). The Trustee and its Members shall not be liable for any action taken or
omitted by Trustee in good faith and believed by it to be authorized or within the
discretion or rights or powers conferred upon it by this Trust Agreement.

(b) The Trustee and its Members shall not be liable for any error of
judgment made in good faith by a responsible officer of the Trustee unless it shall be
proved that the Trustee was negligent in ascertaining the pertinent facts (provided that
if such negligence is proven, Trustee nevertheless shall not be liable if it proves that
such negligence occurred at the direction of or by persons under the supervision and
control of Westside or its members, officers or agents).

(c) The Trustee and its Members shall not be liable for any action
taken by an agent of the Trustee so long as such agent was selected by the Trustee
with due care.

Section 3.3. Right to Rely on Documents. The Trustee shall be protected in
acting upon any notice, resolution, request, consent, order, certificate, report, opinion or
other paper or document believed by it to be genuine and to have been signed or
presented by the proper party or parties. The Trustee may consult with counsel for
Westside with regard to legal questions, and the opinion of such counsel shall be full
and complete authorization and protection in respect of any action taken or suffered by
it hereunder in good faith and in accordance therewith. Whenever in the administration
of the trust established hereunder the Trustee shall deem it necessary or desirable that
a matter be proved or established prior to taking or suffering any action hereunder,
such matter may be deemed to be conclusively proved and established by a written
certificate of Westside; and such written certificate shall be full warrant to the Trustee
for any action taken or suffered in good faith under the provisions of this Trust
Agreement in reliance upon such written certificate. In its discretion the Trustee may
accept other evidence of such matter in lieu of a certificate of Westside as it may deem
reasonable.
ARTICLE IV

MISCELLANEOUS

Section 4.1. Integration with JP Agreement. Nothing contained in this Trust Agreement is intended or shall be construed as changing or superseding any of the provisions of the JP Agreement or the Operating Rules and Regulations. To the maximum extent practicable, the provisions of this Trust Agreement shall be construed and interpreted in a manner supplementary to and consistent with the provisions of the JP Agreement and Operating Rules and Regulations; but in the event of any irreconcilable conflict, the latter provisions shall control.

Section 4.2. Amendments Permitted. This Trust Agreement and the rights and obligations of Westside and the Trustee may be modified or amended from time to time and at any time by written amendment executed by Westside and the Trustee.

Section 4.3. Preservation and Inspection of Documents. All documents received by the Trustee under the provisions of this Trust Agreement shall be retained in its possession and shall be subject during business hours and upon 24 hours notice to inspection by Westside and its agents and representatives duly authorized in writing.

Section 4.4. Notices. All notices and communications required or permitted to be given hereunder shall be in writing and shall be deemed to have been given when mailed, postage prepaid, or delivered during working hours to the following addresses, or to such changed addressed as are communicated to the other party in writing:

Section 4.5. Governing Law. This Trust Agreement shall be governed and construed in accordance with the laws of the State of California.

Section 4.6. Execution In Several Counterparts. This Trust Agreement may be executed in any number of counterparts and each such counterpart shall for all purposes be deemed to be an original; and all such counterparts, or as many of them as may be sufficient to constitute a legal instrument, when signed and delivered, shall be considered and treated as a whole and shall have the full force and effect of complete original agreements.
as Westside and the Trustee shall preserve undestroyed, shall together constitute but one and the same instrument.

DEED OF TRUST, ASSIGNMENT OF RENTS
AND LEASES AND FIXTURE FILING

This Deed of Trust, Assignment of Rents and Leases and Fixture Filing ("Deed of Trust") is made as of November 1, 2003, by Kern Water Bank Authority, as Trustor (together with any successor thereto, "Trustor"), to AMERICAN SECURITIES COMPANY, a corporation ("Trustee"), for the benefit of WELLS FARGO BANK, NATIONAL ASSOCIATION ("Beneficiary").

WITNESSETH:

WHEREAS, Trustor and Beneficiary have entered into that certain Reimbursement Agreement, dated as of November 1, 2003 (as amended, modified and/or supplemented from time to time, the "Reimbursement Agreement"); and

WHEREAS, a condition precedent to the Reimbursement Agreement is the execution of this Deed of Trust by Trustor for the benefit of Beneficiary.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Trustor, Trustee and Beneficiary agree as follows:

1. GRANT IN TRUST.

1.1 The Property. For the purpose of securing payment and performance of the Secured Obligations defined in Section 2 below, Trustor hereby irrevocably and unconditionally grants, conveys, transfers and assigns (collectively, the "Security Grant") to Trustee, in trust for the benefit of Beneficiary, with power of sale and right of entry and possession, all estate, right, title and interest which Trustor now has or may later acquire in the following property (collectively, the "Property"):

(a) The real property located in the County of Kern, State of California, as described on Exhibit A attached hereto;

(b) All buildings, structures, improvements, fixtures and appurtenances now or hereafter placed on such real property, and all apparatus and equipment now or hereafter attached in any manner to the real property or any building on the real property, including all pumping plants, engines, pipes, ditches and flumes, all of which shall be considered to the fullest extent of the law to be real property for purposes of this Deed of Trust;
(c) All development rights, governmental or quasi-governmental licenses, permits or approvals, zoning rights and other similar rights or interests which relate to the development, use or operation of, or that benefit or are appurtenant to, such real property;

(d) All easements and rights of way appurtenant to such real property; all development rights or credits and air rights; all mineral rights, oil and gas rights, air rights and water and water rights of Trustor (whether riparian, appropriative, or otherwise, and whether or not appurtenant to such real property) and all shares and other rights pertaining to such water or water rights of Trustor, ownership of which affect such real property (but shall not include water, including water in storage, owned solely by any Member Entity (as defined in the Reimbursement Agreement or held in trust solely for the benefit of a Member Entity); all minerals, oil, gas, and other hydrocarbon substances and rights thereto in, on, under, or upon such real property;

(e) All right, title and interest of Trustor, now owned or hereafter acquired, in and to any land lying within the right-of-way of any street, open or proposed, adjoining such real property, and any and all sidewalks, alleys and strips and gores of land adjacent to or used in connection with such real property;

(f) All proceeds, including all claims to and demands for them, of the voluntary or involuntary conversion of any of the real property, any buildings located thereon or the other property described above into cash or liquidated claims, including proceeds of all present and future fire, hazard or casualty insurance policies and all condemnation awards or payments now or later to be made by any public body or decree by any court of competent jurisdiction for any taking or in connection with any condemnation or eminent domain proceeding, and all causes of action and their proceeds for any breach of warranty, misrepresentation, damage or injury to, or defect in, the real property, any buildings located thereon or the other property described above or any part thereof; and

(g) All proceeds of, additions and accretions to, substitutions and replacements for, and changes in any of the property described above.

1.2 Fixture Filing. This Deed of Trust constitutes a financing statement filed as a fixture filing under Section 9502(c) of the California Uniform Commercial Code, as amended or recodified from time to time, covering any Property which now is or later may become a fixture attached to the real property described in Section 1.1(a) or any building located thereon.

2. THE SECURED OBLIGATIONS.

2.1 Purpose of Securing. Trustor makes the grant, conveyance, transfer and assignment set forth in Section 1 for the purpose of securing the following obligations (the “Secured Obligations”) in any order of priority that Beneficiary may choose:

(a) Payment of all obligations of Trustor to Beneficiary arising under the Reimbursement Agreement together with the payment and performance of any indebtedness or obligations incurred in connection with the credit accommodation evidenced by the Reimbursement Agreement, whether or not specifically referenced therein;

(b) Payment of all obligations of Trustor to Beneficiary or any of its affiliates arising under any interest rate swap agreement(s) entered into between Trustor and Beneficiary or any such affiliate at any time (each such agreement, a “Swap Agreement”);

(c) Payment and performance of all obligations of Trustor under this Deed of Trust, together with all advances, payments or other expenditures made by the Beneficiary or Trustee as or for the payment or performance of any such obligations of Trustor;
(d) Payment and performance of all future advances and other obligations that 
Trustor may agree to pay and/or perform (whether as principal, surety or guarantor) to or for the 
benefit of Beneficiary, when a writing signed by Trustor evidences said parties’ agreement that 
such advance or obligation be secured by this Deed of Trust; and 

(e) All modifications, extensions and renewals of any of the Secured Obligations 
(including, without limitation, (i) modifications, extensions or renewals at a different rate of 
interest, or (ii) deferrals or accelerations of the required principal payment dates or interest 
payment dates or both, in whole or in part), however evidenced, whether or not any such 
modification, extension or renewal is evidenced by a new agreement.

This Deed of Trust does not secure any obligation which expressly states that it is unsecured, whether 
contained in the foregoing Reimbursement Agreement or in any other document, agreement or 
instrument.

All capitalized terms used but not defined in this Deed of Trust shall have the meanings given to them in 
the Reimbursement Agreement.

2.2 Terms of Secured Obligations. All persons who may have or acquire an interest in all or 
any part of the Property will be considered to have notice of, and will be bound by, the terms of the 
Reimbursement Agreement described in Section 2.1(a) and each other agreement or instrument made or 
entered into in connection with each of the Secured Obligations. The Reimbursement Agreement, among 
other things, provides an interest rate that may vary from time to time on one or more of the obligations 
arising under the Reimbursement Agreement.

2.3 Revenues: Subordination of Security Grant: Conflict with Indenture. To the extent that 
any of the Property, the Rents (as defined in Section 3.1) or the Claims (as defined in Section 4.4) 
constitutes “Revenues” as that term is defined in the Indenture of Trust, dated as of November 1, 2003 (as 
the same may be amended, modified and/or supplemented from time to time, the “Indenture”), by and 
between Trustor and Zions First National Bank, as trustee (together with its successors in such capacity, 
the “Bond Trustee”), the Security Grant contained in Section 1.1 and the assignments contained in 
Sections 3.1 and 4.4 are made subject and subordinate to the lien of the Indenture in favor of the Bond 
Trustee, the Qualified Swap Provider and the Credit Provider over the Revenues for so long as such lien 
remains in effect and for so long as such Property, Rents or Claims remains part of Revenues, and Trustee 
and Beneficiary each agree that, notwithstanding any provision to the contrary contained in this Deed of 
Trust, so long as the lien of the Bond Trustee, the Qualified Swap Provider and the Credit Provider over 
the Revenues remains in effect and so long as such Property, Rents or Claims remains part of Revenues, it 
shall take no action under this Deed of Trust to disturb the lien of the Bond Trustee, the Qualified Swap 
Provider and the Credit Provider over the Revenues. Under no circumstances shall the lien of the Bond 
Trustee, the Qualified Swap Provider and the Credit Provider over the Revenues be construed under this 
Deed of Trust as an adverse claim against the Property, Rents or Claims. Notwithstanding any provision 
to the contrary contained in this Deed of Trust, to the extent that any provision of this Deed of Trust 
conflicts with any provision of the Indenture, the conflicting provision of the Indenture shall prevail and, 
to the extent that Trustor timely complies with a conflicting provision of the Indenture, Trustor’s failure 
to comply with the conflicting provision of this Deed of Trust shall not constitute an Event of Default 
under this Deed of Trust. Notwithstanding the foregoing or any other provision in this Deed of Trust, the 
defined terms Property, Rents and Claims shall not include (i) capital use or improvement fees levied on 
the Members (as defined in the Indenture) pursuant to Section 4.5(a) of the Agreement (as defined in the 
Indenture); (ii) grants which are designated by the grantor for a specific purpose and are therefore not 
available for other purposes; or (iii) money received or receivable by the Trustor from the sale of a 
Member’s water, including standby fees relating to the sale or proposed sale of a Member’s water, and 
held for the benefit of such Member.
3. **ASSIGNMENT OF RENTS.**

3.1 **Assignment.** Subject to Section 2.3, for the purposes and upon the terms and conditions set forth herein, Trustor irrevocably assigns to Beneficiary all of Trustor’s right, title and interest in, to and under all leases, licenses, rental agreements and other agreements of any kind relating to the use or occupancy of any of the Property, whether existing as of the date hereof or at any time hereafter entered into, together with all guarantees of and security for any tenant’s or lessee’s performance thereunder, and all amendments, extensions, renewals and modifications thereto (each, a “Lease” and collectively, the “Leases”), together with any and all other rents, issues and profits of the Property (collectively, “Rents”). This assignment shall not impose upon Beneficiary any duty to produce Rents from the Property, nor cause Beneficiary to be: (a) a “mortgagee in possession” for any purpose; (b) responsible for performing any of the obligations of the lessor or landlord under any Lease; or (c) responsible for any waste committed by any person or entity at any time in possession of the Property or any part thereof, or for any dangerous or defective condition of the Property, or for any negligence in the management, upkeep, repair or control of the Property. This is an absolute assignment, not an assignment for security only, and Beneficiary’s right to Rents is not contingent upon and may be exercised without taking possession of the Property. Trustor agrees to execute and deliver to Beneficiary, within five (5) days of Beneficiary’s written request, such additional documents as Beneficiary or Trustee may reasonably request to further evidence the assignment to Beneficiary of any and all Leases and Rents. Beneficiary or Trustee, at Beneficiary’s option and without notice, may notify any lessee or tenant of this assignment of the Leases and Rents.

3.2 **Grant of License.** Notwithstanding the provisions of Section 3.1, Beneficiary hereby confers upon Trustor a license (“License”) to collect and retain the Rents as they become due and payable, so long as no Event of Default, as defined in Section 5.2, shall exist and be continuing. If an Event of Default has occurred and is continuing, Beneficiary shall have the right, which it may choose to exercise in its sole discretion, to terminate this License without notice to or demand upon Trustor, and without regard to the adequacy of the security for the Secured Obligations. Beneficiary or Trustee may also, at Beneficiary’s option and without notice, either in person or by agent, with or without bringing any action, or by a receiver to be appointed by a court: (a) enter, take possession of, manage and operate the Property or any part thereof; (b) make, cancel, enforce or modify any Lease; (c) obtain and evict tenants, fix or modify Rents, and do any acts which Beneficiary or Trustee deems proper to protect the security hereof; and (d) either with or without taking possession of the Property, in its own name, sue for or otherwise collect and receive all Rents, including those past due and unpaid, and apply the same in accordance with the provisions of this Deed of Trust. The entering and taking possession of the Property, the collection of Rents and the application thereof as aforesaid, shall not cure or waive any Event of Default, nor waive, modify or affect any notice of default hereunder, nor invalidate any act done pursuant to any such notice. The License shall not grant to Beneficiary or Trustee the right to possession, except as provided in this Deed of Trust.

3.3. **Protection of Security.** To protect the security of this assignment, Trustor agrees:

(a) At Trustor’s sole cost and expense: (i) to perform each obligation to be performed by the lessor or landlord under each Lease and to enforce or secure the performance of each obligation to be performed by the lessee or tenant under each Lease; (ii) not to modify any Lease in any material respect, nor accept surrender under or terminate the term of any Lease, other than those Leases which have annual rents payable thereunder not in excess of the aggregate amount of $50,000.00; (iii) not to anticipate the Rents under any Lease; and (iv) not to waive or release any lessee or tenant of or from any Lease obligations. Trustor assigns to Beneficiary all of Trustor’s right and power to modify the terms of any Lease, to accept a surrender under or terminate the term of or anticipate the Rents under any Lease, and to waive or release any lessee or tenant of or from any Lease obligations, and any attempt on the part of Trustor to exercise any such rights or powers without Beneficiary’s prior written consent shall be a breach of the terms hereof.
(b) At Trustor's sole cost and expense, to defend any action in any manner connected with any Lease or the obligations thereunder, and to pay all costs of Beneficiary or Trustee, including reasonable attorneys' fees, in any such action in which Beneficiary or Trustee may appear.

(c) That, should Trustor fail to do any act required to be done by Trustor under a Lease, then Beneficiary or Trustee, but without obligation to do so and without notice to Trustor and without releasing Trustor from any obligation hereunder, may make or do the same in such manner and to such extent as Beneficiary or Trustee deems necessary to protect the security hereof, and, in exercising such powers, Beneficiary or Trustee may employ attorneys and other agents, and Trustor shall pay necessary costs and reasonable attorneys' fees incurred by Beneficiary or Trustee, or their agents, in the exercise of the powers granted herein. Trustor shall give prompt notice to Beneficiary of any default by any lessee or tenant under any Lease, and of any notice of default on the part of Trustor under any Lease received from a lessee or tenant thereunder, together with an accurate and complete copy thereof.

(d) To pay to Beneficiary immediately upon demand all sums expended under the authority hereof, including reasonable attorneys' fees, together with interest thereon at the highest rate per annum payable under any Secured Obligation, and the same, at Beneficiary's option, may be added to any Secured Obligation and shall be secured hereby.

4. **RIGHTS AND DUTIES OF THE PARTIES**

4.1 **Representations and Warranties.** Trustor represents and warrants that Trustor lawfully possesses and holds fee simple title to all of the Property, unless Trustor's present interest in the Property is described in Exhibit A as a leasehold interest, in which case Trustor lawfully possesses and holds a leasehold interest in the Property as stated in Exhibit A.

4.2 **Taxes, Assessments, Liens and Encumbrances.** Trustor shall pay prior to delinquency any and all taxes, levies, charges and assessments, including assessments on appurtenant water stock, imposed on the Property or Trustor by any public or quasi-public authority or utility company which are (or if not paid, may become) a lien on all or part of the Property or any interest in it, or which may cause any decrease in the value of the Property or any part of it. Trustor shall immediately discharge any lien on the Property which Beneficiary has not consented to in writing, and shall also pay when due each obligation secured by or reducible to a lien, charge or encumbrance which now or hereafter encumbers or appears to encumber all or part of the Property, whether the lien, charge or encumbrance is or would be senior or subordinate to this Deed of Trust. Promptly upon request by Beneficiary, Trustor shall furnish to Beneficiary satisfactory evidence of the payment of all of the foregoing. Beneficiary is hereby authorized to request and receive from the responsible governmental and non-governmental personnel written statements with respect to the accrual and payment of any of the foregoing.

4.3 **Performance of Secured Obligations.** Trustor shall pay and perform each Secured Obligation when due.

4.4 **Damages and Insurance and Condemnation Proceeds.**

(a) Subject to Section 2.3, Trustor hereby absolutely and irrevocably assigns to Beneficiary, and authorizes the payor to pay to Beneficiary, the following claims, causes of action, awards, payments and rights to payment (collectively, the "Claims"): 

(i) all awards of damages and all other compensation payable directly or indirectly because of a condemnation, proposed condemnation or taking for public or private use which affects all or part of the Property or any interest in it;
(ii) all other awards, claims and causes of action, arising out of any breach of
warranty or misrepresentation affecting all or any part of the Property, or for damage or
injury to, or defect in, or decrease in value of all or part of the Property or any interest in
it;

(iii) all proceeds of any insurance policies payable because of loss sustained
to all or part of the Property; and

(iv) all interest which may accrue on any of the foregoing.

(b) Trustor shall immediately notify Beneficiary in writing if:

(i) any material damage occurs or any injury or loss is sustained to all or
part of the Property, or any action or proceeding relating to any such damage, injury or
loss is commenced; or

(ii) any offer is made, or any action or proceeding is commenced, which
relates to any actual or proposed condemnation or taking of all or part of the Property.

If Beneficiary chooses to do so, it may in its own name appear in or prosecute any action or
proceeding to enforce any cause of action based on breach of warranty or misrepresentation, or
for damage or injury to, defect in, or decrease in value of all or part of the Property. Beneficiary,
if it so chooses, may participate in any action or proceeding relating to condemnation or taking of
all or part of the Property, and may join Trustor in adjusting any loss covered by insurance.

(c) Subject to Section 2.3, all proceeds of the Claims assigned to Beneficiary under
this Section shall be paid to Beneficiary. In each instance, subject to Section 2.3, Beneficiary
shall apply those proceeds first toward reimbursement of all of Beneficiary’s costs and expenses
of recovering the proceeds, including attorneys’ fees. Subject to Section 2.3, Trustor further
authorizes Beneficiary, at Beneficiary’s option and in Beneficiary’s sole discretion, and
regardless of whether there is any impairment of the Property, (i) to apply the balance of such
proceeds, or any portion of them, to pay or prepay or cash collateralize some or all of the Secured
Obligations in such order or proportion as Beneficiary may determine, or (ii) to hold the balance
of such proceeds, or any portion of them, in a non-interest-bearing account to be used for the cost
of reconstruction, repair or alteration of the Property, or (iii) to release the balance of such
proceeds, or any portion of them, to Trustor. If any proceeds are released to Trustor, neither
Beneficiary nor Trustee shall be obligated to see to, approve or supervise the proper application
of such proceeds. Subject to Section 2.3, if the proceeds are held by Beneficiary to be used to
reimburse Trustor for the costs of restoration and repair of the Property, the Property shall be
restored to the equivalent of its original condition, or such other condition as Beneficiary may
approve in writing. Beneficiary may, at Beneficiary’s option, condition disbursement of the
proceeds on Beneficiary’s approval of such plans and specifications prepared by an architect
satisfactory to Beneficiary, contractor’s cost estimates, architect’s certificates, waivers of liens,
sworn statements of mechanics and materialmen, and such other evidence of costs, percentage of
completion of construction, application of payments, and satisfaction of liens as Beneficiary may
reasonably require.

4.5 Insurance. Trustor shall provide and maintain in force at all times all risk property
damage insurance on the Property and such other types of insurance on the Property as may be required
by Beneficiary and as may be required pursuant to the terms of the Reimbursement Agreement, the
Indenture and any other documents executed by Trustor in connection with the financing provided to
Trustor pursuant to the Reimbursement Agreement and the Indenture. At Beneficiary’s request, Trustor
shall provide Beneficiary with a counterpart original of any policy, together with a certificate of insurance
setting forth the coverage, the limits of liability, the carrier, the policy number and the expiration date.
Each such policy of insurance shall be in an amount, for a term, and in form and content satisfactory to Beneficiary, and shall be written only by companies approved by Beneficiary. In addition, each policy of hazard insurance shall include a Form 438BFU or equivalent loss payable endorsement in favor of Beneficiary.

4.6 Maintenance and Preservation of Property.

(a) Trustor shall keep the Property in good condition and repair.

(b) Trustor shall not commit or permit waste of the Property.

(c) Trustor shall not initiate or allow any change in any zoning or other land use classification which adversely affects the Property or any part of it, except with Beneficiary’s express prior written consent in each instance.

(d) If all or part of the Property becomes damaged or destroyed, Trustor shall promptly and completely repair and/or restore the Property in a good and workmanlike manner in accordance with sound building practices, regardless of whether or not Beneficiary agrees to disburse insurance proceeds or other sums to pay costs of the work of repair or reconstruction under Section 4.4.

(e) Trustor shall not commit or allow any act upon or use of the Property which would violate any public or private covenant, condition, restriction or equitable servitude affecting the Property. Trustor shall not bring or keep any article on the Property or cause or allow any condition to exist on it, if that could invalidate or would be prohibited by any insurance coverage required to be maintained by Trustor on the Property or any part of it under this Deed of Trust.

(f) Trustor shall do all other acts which from the character or use of the Property may be reasonably necessary to maintain and preserve its value.

4.7 Releases, Extensions, Modifications and Additional Security. Without affecting the personal liability of any person, including Trustor, for the payment of the Secured Obligations or the lien of this Deed of Trust on the remainder of the Property for the unpaid amount of the Secured Obligations, Beneficiary and Trustee are respectively empowered as follows:

(a) Beneficiary may from time to time and without notice:

(i) release any person liable for payment of any Secured Obligation;

(ii) extend the time for payment, or otherwise alter the terms of payment, of any Secured Obligation;

(iii) accept additional real or personal property of any kind as security for any Secured Obligation, whether evidenced by deeds of trust, mortgages, security agreements or any other instruments of security; or

(iv) alter, substitute or release any property securing the Secured Obligations.

(b) Trustee may perform any of the following acts when requested to do so by Beneficiary in writing:

(i) consent to the making of any plat or map of the Property or any part of it;
(ii) join in granting any easement or creating any restriction affecting the Property;

(iii) join in any subordination or other agreement affecting this Deed of Trust or the lien of it; or

(iv) reconvey the Property or any part of it without any warranty.

4.8 Reconveyance. When all of the Secured Obligations have been paid in full and no further commitment to extend credit continues, Trustee shall reconvey the Property, or so much of it as is then held under this Deed of Trust, without warranty to the person or persons legally entitled to it. In the reconveyance, the grantee may be described as "the person or persons legally entitled thereto," and the recitals of any matters or facts shall be conclusive proof of their truthfulness. Neither Beneficiary nor Trustee shall have any duty to determine the rights of persons claiming to be rightful grantees of any reconveyance.

4.9 Compensation and Reimbursement of Costs and Expenses.

(a) Trustor agrees to pay fees in the maximum amounts legally permitted, or reasonable fees as may be charged by Beneficiary and Trustee when the law provides no maximum limit, for any services that Beneficiary or Trustee may render in connection with this Deed of Trust, including Beneficiary's providing a statement of the Secured Obligations or Trustee's rendering of services in connection with a reconveyance. Trustor shall also pay or reimburse all of Beneficiary's and Trustee's costs and expenses which may be incurred in rendering any such services.

(b) Trustor further agrees to pay or reimburse Beneficiary for all costs, expenses and other advances which may be incurred or made by Beneficiary or Trustee to protect or preserve the Property or to enforce any terms of this Deed of Trust, including the exercise of any rights or remedies afforded to Beneficiary or Trustee or both of them under Section 5.3, whether any lawsuit is filed or not, or in defending any action or proceeding arising under or relating to this Deed of Trust, including attorneys' fees and other legal costs, costs of any sale of the Property and any cost of evidence of title.

(c) Trustor shall pay all obligations arising under this Section immediately upon demand by Trustee or Beneficiary. Each such obligation shall be added to, and considered to be part of, the principal of the Secured Obligations, and shall bear interest from the date the obligation arises at the rate provided in any instrument or agreement evidencing the Secured Obligations. If more than one rate of interest is applicable to the Secured Obligations, the highest rate shall be used for purposes hereof. If the instrument or agreement evidencing the Secured Obligations does not state a rate of interest, interest shall accrue at the rate of [ten percent (10%)] per annum.

4.10 Exculpation and Indemnification.

(a) Beneficiary shall not be directly or indirectly liable to Trustor or any other person as a consequence of any of the following:

(i) Beneficiary's exercise of or failure to exercise any rights, remedies or powers granted to it in this Deed of Trust;

(ii) Beneficiary's failure or refusal to perform or discharge any obligation or liability of Trustor under any agreement related to the Property or under this Deed of Trust;
(iii) Beneficiary’s failure to produce Rents, if any, from the Property or to perform any of the obligations of the lessor or licensor under any lease or license covering the Property;

(iv) any waste committed by lessees of the Property or any other parties, or any dangerous or defective condition of the Property; or

(v) any loss sustained by Trustor or any third party resulting from any act or omission of Beneficiary in operating or managing the Property upon exercise of the rights or remedies afforded Beneficiary under Section 5.3, unless the loss is caused by the willful misconduct and bad faith of Beneficiary.

Trustor hereby expressly waives and releases all liability of the types described above, and agrees that no such liability shall be asserted against or imposed upon Beneficiary.

(b) Trustor agrees to indemnify Trustee and Beneficiary against and hold them harmless from all losses, damages, liabilities, claims, causes of action, judgments, court costs, attorneys’ fees and other legal expenses, cost of evidence of title, cost of evidence of value, and other costs and expenses which either may suffer or incur in performing any act required or permitted by this Deed of Trust or by law or because of any failure of Trustor to perform any of its obligations. This agreement by Trustor to indemnify Trustee and Beneficiary shall survive the release and cancellation of any or all of the Secured Obligations and the full or partial release and/or reconveyance of this Deed of Trust.

4.11 Defense and Notice of Claims and Actions. At Trustor’s sole expense, Trustor shall protect, preserve and defend the Property and title to and right of possession of the Property, and the security of this Deed of Trust and the rights and powers of Beneficiary and Trustee created under it, against all adverse claims. Trustor shall give Beneficiary and Trustee prompt notice in writing of any claim asserted or lawsuits filed against the Property and as required pursuant to the Reimbursement Agreement.

4.12 Substitution of Trustee. From time to time, Beneficiary may substitute a successor to any Trustee named in or acting under this Deed of Trust in any manner now or later to be provided at law, or by a written instrument executed and acknowledged by Beneficiary and recorded in the office of the recorder of the county where the Property is situated. Any such instrument shall be conclusive proof of the proper substitution of the successor Trustee, who shall automatically upon recordation of the instrument succeed to all estate, title, rights, powers and duties of the predecessor Trustee, without conveyance from it.

4.13 Impound Account. At the request of Beneficiary at any time after an Event of Default and during the continuance thereof, Trustor shall, until all Secured Obligations have been paid in full, pay to Beneficiary monthly, annually or as otherwise directed by Beneficiary an amount estimated by Beneficiary to be equal to: (a) all taxes, assessments, levies and charges imposed by any public or quasi-public authority or utility company which are or may become a lien upon the Property and will become due for the tax year during which such payment is so directed; and (b) premiums for fire, other hazard and mortgage insurance next due. If Beneficiary determines that amounts paid by Trustor are insufficient for the payment in full of such taxes, assessments, levies and/or insurance premiums, Beneficiary shall notify Trustor of the increased amount required for the payment thereof when due, and Trustor shall pay to Beneficiary such additional amount within thirty (30) days after notice from Beneficiary. All amounts so paid shall not bear interest, except to the extent and in the amount required by law. So long as there is no Event of Default, Beneficiary shall apply said amounts to the payment of, or at Beneficiary’s sole option release said funds to Trustor for application to and payment of, such taxes, assessments, levies, charges and insurance premiums. If an Event of Default exists, Beneficiary at its sole option may apply all or any

1593054.03.01 - 9 -
part of said amounts to any Secured Obligation and/or to cure such Event of Default, in which event Trustor shall be required to restore all amounts so applied, as well as to cure any Event of Default not cured by such application. Trustor hereby grants and transfers to Beneficiary a security interest in all amounts so paid and held in Beneficiary’s possession, and all proceeds thereof, to secure the payment and performance of each Secured Obligation. Upon assignment of this Deed of Trust, Beneficiary shall have the right to assign all amounts collected and in its possession to its assignee, whereupon Beneficiary and Trustee shall be released from all liability with respect thereto. The existence of said impounds shall not limit Beneficiary’s rights under any other provision of this Deed of Trust or any other agreement, statute or rule of law. Within ninety-five (95) days following full repayment of all Secured Obligations (other than as a consequence of a foreclosure or conveyance in lieu of foreclosure of the liens and security interests securing any Secured Obligation), or at such earlier time as Beneficiary in its discretion may elect, the balance of all amounts collected and in Beneficiary’s possession shall be paid to Trustor, and no other party shall have any right of claim thereto.

4.14 Acceptance of Trust; Powers and Duties of Trustee. Trustee accepts this trust when this Deed of Trust is executed. From time to time, upon written request of Beneficiary and, to the extent required by applicable law presentation of this Deed of Trust for endorsement, and without affecting the personal liability of any person for payment of any indebtedness or performance of any of the Secured Obligations, Beneficiary, or Trustee at Beneficiary’s direction, may, without obligation to do so or liability therefor and without notice: (a) reconvey all or any part of the Property from the lien of this Deed of Trust; (b) consent to the making of any map or plat of the Property; and (c) join in any grant of easement or declaration of covenants and restrictions with respect to the Property, or any extension agreement or any agreement subordinating the lien or charge of this Deed of Trust. Trustee or Beneficiary may from time to time apply to any court of competent jurisdiction for aid and direction in the execution of the trusts and the enforcement of its rights and remedies available under this Deed of Trust, and may obtain orders or decrees directing, confirming or approving acts in the execution of said trusts and the enforcement of said rights and remedies. Trustee has no obligation to notify any party of any pending sale or any action or proceeding (including, but not limited to, actions in which Trustor, Beneficiary or Trustee shall be a party) unless held or commenced and maintained by Trustee under this Deed of Trust. Trustee shall not be obligated to perform any act required of it under this Deed of Trust unless the performance of the act is requested in writing and Trustee is reasonably indemnified against all losses, costs, liabilities and expenses in connection therewith.

4.15 Subrogation. Beneficiary shall be subrogated to the lien of all encumbrances, whether or not released of record, paid in whole or in part by Beneficiary pursuant to this Deed of Trust or by the proceeds of any Secured Obligation.

5. ACCELERATING TRANSFERS, DEFAULT AND REMEDIES.

5.1 Accelerating Transfers

(a) “Accelerating Transfer” means, other than in the ordinary course of Borrower’s business, any sale, contract to sell, conveyance, encumbrance, lease, or other transfer, whether voluntary, involuntary, by operation of law or otherwise, of all or any significant part of the Property or any interest in it, including any transfer or exercise of any right of Trustor or that of its Member Entities to drill for or to extract any water (other than for Trustor’s own use), oil, gas or other hydrocarbon substances or any mineral of any kind on or under the surface of the Property.

(b) Trustor agrees that Trustor shall not make any Accelerating Transfer, unless the transfer is preceded by Beneficiary’s express prior written consent to the particular transaction and transferee. Beneficiary may withhold such consent in its sole discretion. If any Accelerating Transfer occurs without Beneficiary’s prior written consent, Beneficiary and Trustee may invoke any rights and remedies provided by Section 5.3 of this Deed of Trust.
5.2 Events of Default. The occurrence of any one or more of the following events, at the option of Beneficiary, shall constitute an event of default ("Event of Default") under this Deed of Trust:

(a) Any "Event of Default" occurs under and as defined in the Reimbursement Agreement, any "Event of Default" occurs under and as defined in any Swap Agreement or any "event of default" occurs under and as defined in any other instrument or agreement evidencing any of the Secured Obligations and such event of default continues beyond any applicable cure period;

(b) Except as permitted pursuant to the terms of the Reimbursement Agreement or Section 5.1 of this Deed of Trust, Trustor or any successor in interest to Trustor in the property sells, conveys, alienates, assigns or transfers said property, or any part thereof, or any interest therein, or drills or extracts or enters into any lease for the drilling or extraction of oil, gas, or other hydrocarbon substances or any mineral of any kind or character therefrom or from any part thereof, or becomes divested of his title or any interest therein in any manner or way, whether voluntary or involuntary; or

(c) Anyone other than Trustor or any owner or new owner, assignee or transferor of any right to minerals conveyed prior to the date of this Deed of Trust establishes and exercises any right to develop, bore for or mine for any water, gas, oil, or mineral on or under the surface of the property;

(d) Trustor fails to make any payment when due (after giving effect to any applicable grace period) or perform any agreement or obligation under this Deed of Trust;

(e) Any representation or warranty made in connection with this Deed of Trust or the Secured Obligations proves to have been false or misleading in any material respect when made; or

(f) Any default occurs under any other deed of trust on all or any part of the Property, or under any obligation secured by such deed of trust, whether such deed of trust is prior to or subordinate to this Deed of Trust.

5.3 Remedies. At any time after the occurrence of an Event of Default, Beneficiary and Trustee shall be entitled to invoke any and all of the rights and remedies described below, as well as any other rights and remedies authorized by law. All rights, powers and remedies of Beneficiary and Trustee hereunder are cumulative and are in addition to all rights, powers and remedies provided by law or in any other agreements between Trustor and Beneficiary. No delay, failure or discontinuance of Beneficiary in exercising any right, power or remedy hereunder shall affect or operate as a waiver of such right, power or remedy; nor shall any single or partial exercise of any such right, power or remedy preclude, waive or otherwise affect any other or further exercise thereof or the exercise of any other right, power or remedy.

(a) Beneficiary may declare any or all of the Secured Obligations to be due and payable immediately, irrespective of the maturity date specified in any note or written agreement evidencing the same, immediately due and payable without notice or demand, and no waiver of this right shall be effective unless in writing and signed by Beneficiary; [provided, however, in the event (i) the Letter of Credit is outstanding, in lieu of causing a mandatory purchase of the Bonds, Beneficiary may demand that Trustor deposit with Beneficiary in a non-interest bearing account cash in an amount equal to the then stated amount of the Letter of Credit and/or (ii) a Swap Agreement is in effect, in lieu of designating an "Early Termination Date" (as such term is defined in a Swap Agreement), Beneficiary may demand that Trustor deposit with Beneficiary in a non-interest bearing account cash in an amount equal to the amount, if any, payable to
Beneficiary under the terms of such Swap Agreement assuming an Early Termination Date had been so designated.]

(b) Beneficiary may apply to any court of competent jurisdiction for, and obtain appointment of, a receiver for the Property.

(c) Beneficiary may apply to a court of competent jurisdiction for and obtain appointment of a receiver of the Property as a matter of strict right and without regard to: (i) the adequacy of the security for the repayment of the Secured Obligations; (ii) the existence of a declaration that the Secured Obligations are immediately due and payable; or (iii) the filing of a notice of default; and Trustor consents to such appointment.

(d) Beneficiary, in person, by agent or by court-appointed receiver, may enter, take possession of, manage and operate all or any part of the Property, and in its own name or in the name of Trustor sue for or otherwise collect any and all Rents, including those that are past due, and may also do any and all other things in connection with those actions that Beneficiary may in its sole discretion consider necessary and appropriate to protect the security of this Deed of Trust. Such other things may include: entering into, enforcing, modifying, or canceling leases on such terms and conditions as Beneficiary may consider proper; obtaining and evicting tenants; fixing or modifying Rents; completing any unfinished construction; contracting for and making repairs and alterations; performing such acts of cultivation or irrigation as necessary to conserve the value of the Property. Trustor hereby irrevocably constitutes and appoints Beneficiary as its attorney-in-fact to perform such acts and execute such documents as Beneficiary in its sole discretion may consider to be appropriate in connection with taking these measures, including endorsement of Trustor’s name on any instruments. Trustor agrees to deliver to Beneficiary all books and records pertaining to the Property, including computer-readable memory and any computer hardware or software necessary to access or process such memory, as may reasonably be requested by Beneficiary in order to enable Beneficiary to exercise its rights under this Section.

(e) Beneficiary may take and possess all documents, books, records, papers and accounts of Trustor or the then owner of the Property; to make or modify Leases of, and other agreements with respect to, the Property upon such terms and conditions as Beneficiary deems proper; and to make repairs, alterations and improvements to the Property deemed necessary, in Trustor’s or Beneficiary’s judgment, to protect or enhance the security hereof.

(f) Either Beneficiary or Trustee may cure any breach or default of Trustor, and if it chooses to do so in connection with any such cure, Beneficiary or Trustee may also enter the Property and/or do any and all other things which it may in its sole discretion consider necessary and appropriate to protect the security of this Deed of Trust. Such other things may include: appearing in and/or defending any action or proceeding which purports to affect the security of, or the rights or powers of Beneficiary or Trustee under, this Deed of Trust; paying, purchasing, contesting or compromising any encumbrance, charge, lien or claim of lien which in Beneficiary’s or Trustee’s sole judgment is or may be senior in priority to this Deed of Trust, such judgment of Beneficiary or Trustee to be conclusive as among the parties to this Deed of Trust; obtaining insurance and/or paying any premiums or charges for insurance required to be carried under this Deed of Trust; otherwise caring for and protecting any and all of the Property; and/or employing counsel, accountants, contractors and other appropriate persons to assist Beneficiary or Trustee. Beneficiary and Trustee may take any of the actions permitted hereunder either with or without giving notice to any person.

(g) Beneficiary may bring an action in any court of competent jurisdiction to foreclose this instrument or to obtain specific enforcement of any of the covenants or agreements
of this Deed of Trust, and Trustor agrees that such covenants shall be specifically enforceable by
injunction or any other appropriate equitable remedy For the purposes of any suit brought under
this subsection, Trustor waives the defenses of laches and any applicable statute of limitations.

(h) Beneficiary may cause the Property to be sold by Trustee as permitted by
applicable law. Before any such trustee’s sale, Beneficiary or Trustee shall give such notice of
default and election to sell as may then be required by law. When all time periods then legally
mandated have expired, and after such notice of sale as may then be legally required has been
given, Trustee shall sell the Property, either as a whole or in separate parcels, and in such order as
Trustee may determine, at a public auction to be held at the time and place specified in the notice
of sale. Neither Trustee nor Beneficiary shall have any obligation to make demand on Trustor
before any trustee’s sale. From time to time in accordance with then applicable law, Trustee may,
and in any event at Beneficiary’s request shall, postpone any trustee’s sale by public
announcement at the time and place noticed for that sale. At any trustee’s sale, Trustee shall sell
to the highest bidder at public auction for cash in lawful money of the United States. Any person,
including Trustor, Trustee or Beneficiary, may purchase at the trustee’s sale. Trustee shall
execute and deliver to the purchaser(s) a deed or deeds conveying the property being sold without
any covenant or warranty whatsoever, express or implied. The recitals in any such deed of any
matters or facts, including any facts bearing upon the regularity or validity of any trustee’s sale,
shall be conclusive proof of their truthfulness. Any such deed shall be conclusive against all
persons as to the facts recited in it.

(i) Upon sale of the Property at any judicial or non-judicial foreclosure, Beneficiary may
credit bid (as determined by Beneficiary in its sole discretion) all or any portion of the Secured
Obligations. In determining such credit bid, Beneficiary may, but is not obligated to, take into
account all or any of the following: (i) appraisals of the Property as such appraisals may be
discounted or adjusted by Beneficiary in its sole underwriting discretion; (ii) expenses and costs
incurred by Beneficiary with respect to the Property prior to foreclosure; (iii) expenses and costs
which Beneficiary anticipates will be incurred with respect to the Property after foreclosure, but
prior to resale, including without limitation, costs of structural reports and other due diligence,
costs to carry the Property prior to resale, costs of resale (e.g., commissions, attorneys’ fees, and
taxes), Hazardous Materials (as defined in the Reimbursement Agreement) clean-up and
monitoring, deferred maintenance, repair, refurbishment and retrofit, and costs of defending or
settling litigation affecting the Property; (iv) declining trends in real property values generally
and with respect to properties similar to the Property; (v) anticipated discounts upon resale of the
Property as a distressed or foreclosed property; (vi) the existence of additional collateral, if any,
for the Secured Obligations; and (vii) such other factors or matters that Beneficiary deems
appropriate. Trustor acknowledges and agrees that: (A) Beneficiary is not required to use any or
all of the foregoing factors to determine the amount of its credit bid; (B) this Section does not
impose upon Beneficiary any additional obligations that are not imposed by law at the time the
credit bid is made; (C) the amount of Beneficiary’s credit bid need not have any relation to any
loan-to-value ratios specified in any agreement between Trustor and Beneficiary or previously
discussed by Trustor and Beneficiary; and (D) Beneficiary’s credit bid may be, at Beneficiary’s
sole discretion, higher or lower than any appraised value of the Property.

5.4 Application of Sale Proceeds and Rents.

(a) Beneficiary and Trustee shall apply the proceeds of any sale of the Property in
the following manner: first, to pay the portion of the Secured Obligations attributable to the
costs, fees and expenses of the sale, including costs of evidence of title in connection with the
sale; and, second, to pay all other Secured Obligations in any order and proportions as
Beneficiary in its sole discretion may choose. The remainder, if any, shall be remitted to the
person or persons entitled thereto.

1593054.03.01  - 13 -
(b) Beneficiary shall apply any and all Rents collected by it, and any and all sums other than proceeds of any sale of the Property which Beneficiary may receive or collect under Section 5.3, in the following manner: first, to pay the portion of the Secured Obligations attributable to the costs and expenses of operation and collection that may be incurred by Trustee, Beneficiary or any receiver; and, second, to pay all other Secured Obligations in any order and proportions as Beneficiary in its sole discretion may choose. The remainder, if any, shall be remitted to the person or persons entitled thereto. Beneficiary shall have no liability for any funds that it does not actually receive.

5.5 Costs, Expenses and Attorneys' Fees. Trustor agrees to pay to Beneficiary immediately upon demand the full amount of all payments, advances, charges, costs and expenses, including court costs and reasonable attorneys’ fees (to include outside counsel fees and all allocated costs of Beneficiary’s in-house counsel), expended or incurred by Trustee or Beneficiary pursuant to this Section V, whether incurred at the trial or appellate level, in an arbitration proceeding or otherwise, and including any of the foregoing incurred in connection with any bankruptcy proceeding (including without limitation, any adversary proceeding, contested matter or motion brought by Beneficiary or any other person) relating to Trustor or in any way affecting any of the Property or Beneficiary’s ability to exercise any of its rights or remedies with respect thereto. All of the foregoing shall be paid by Trustor with interest from the date of demand until paid in full at the highest rate per annum payable under any Secured Obligation.

6. MISCELLANEOUS PROVISIONS

6.1 No Waiver or Cure.

(a) Each waiver by Beneficiary or Trustee must be in writing, and no waiver shall be construed as a continuing waiver. No waiver shall be implied from any delay or failure by Beneficiary or Trustee to take action on account of any default of Trustor. Consent by Beneficiary or Trustee to any act or omission by Trustor shall not be construed as a consent to any other or subsequent act or omission or to waive the requirement for Beneficiary’s or Trustee’s consent to be obtained in any future or other instance.

(b) If any of the events described below occurs, that event alone shall not cure or waive any breach, Event of Default or notice of default under this Deed of Trust or invalidate any act performed pursuant to any such default or notice; or nullify the effect of any notice of default or sale (unless all Secured Obligations then due have been paid and performed); or impair the security of this Deed of Trust; or prejudice Beneficiary, Trustee or any receiver in the exercise of any right or remedy afforded any of them under this Deed of Trust; or be construed as an affirmation by Beneficiary of any tenancy, lease or option, or a subordination of the lien of this Deed of Trust:

(i) Beneficiary, its agent or a receiver takes possession of all or any part of the Property;

(ii) Beneficiary collects and applies Rents, either with or without taking possession of all or any part of the Property;

(iii) Beneficiary receives and applies to any Secured Obligation proceeds of any Property, including any proceeds of insurance policies, condemnation awards, or other claims, property or rights assigned to Beneficiary under this Deed of Trust;

(iv) Beneficiary makes a site visit, observes the Property and/or conducts tests thereon;
(v) Beneficiary receives any sums under this Deed of Trust or any proceeds of any collateral held for any of the Secured Obligations, and applies them to one or more Secured Obligations; or

(vi) Beneficiary, Trustee or any receiver performs any act which it is empowered or authorized to perform under this Deed of Trust or invokes any right or remedy provided under this Deed of Trust.

6.2 Powers of Beneficiary and Trustee.

(a) Trustee shall have no obligation to perform any act which it is empowered to perform under this Deed of Trust unless it is requested to do so in writing and is reasonably indemnified against loss, cost, liability and expense.

(b) Beneficiary may take any of the actions permitted under Sections 5.3(b) and/or 5.3(c) regardless of the adequacy of the security for the Secured Obligations, or whether any or all of the Secured Obligations have been declared to be immediately due and payable, or whether notice of default and election to sell has been given under this Deed of Trust.

(c) From time to time, Beneficiary or Trustee may apply to any court of competent jurisdiction for aid and direction in executing the trust and enforcing the rights and remedies created under this Deed of Trust. Beneficiary or Trustee may from time to time obtain orders or decrees directing, confirming or approving acts in executing this trust and enforcing these rights and remedies.

6.3 Merger. No merger shall occur as a result of Beneficiary’s acquiring any other estate in or any other lien on the Property unless Beneficiary consents to a merger in writing.

6.4 Applicable Law. This Deed of Trust shall be governed by California law.

6.5 Successors in Interest. The terms, covenants and conditions of this Deed of Trust shall be binding upon and inure to the benefit of the heirs, successors and assigns of the parties. However, this Section does not waive the provisions of Section 5.1. Beneficiary reserves the right to sell, assign, transfer, negotiate or grant participations in all or any part of, or any interest in, Beneficiary’s rights and benefits under the Reimbursement Agreement, any and all other Secured Obligations and this Deed of Trust. In connection therewith, Beneficiary may disclose all documents and information which Beneficiary now has or hereafter acquires relating to the Property, all or any of the Secured Obligations and/or Trustor and, as applicable, any partners, joint venturers or members of Trustor, whether furnished by any Trustor or otherwise.

6.6 Interpretation. Whenever the context requires, all words used in the singular will be construed to have been used in the plural, and vice versa, and each gender will include any other gender. The captions of the sections of this Deed of Trust are for convenience only and do not define or limit any terms or provisions. The word “include(s)” means “include(s), without limitation,” and the word “including” means “including, but not limited to.” The word “obligations” is used in its broadest and most comprehensive sense, and includes all primary, secondary, direct, indirect, fixed and contingent obligations. It further includes all principal, interest, prepayment charges, late charges, loan fees and any other fees and charges accruing or assessed at any time, as well as all obligations to perform acts or satisfy conditions. No listing of specific instances, items or matters in any way limits the scope or generality of any language of this Deed of Trust. The Exhibits to this Deed of Trust are hereby incorporated in this Deed of Trust.
6.7 **In-House Counsel Fees.** Whenever Trustor is obligated to pay or reimburse Beneficiary or Trustee for any attorneys’ fees, those fees shall include the allocated costs for services of in-house counsel.

6.8 **Waiver of Marshaling.** Trustor waives all rights, legal and equitable, it may now or hereafter have to require marshaling of assets or to direct the order in which any of the Property will be sold in the event of any sale under this Deed of Trust, including any rights provided by California Civil Code Sections 2899 and 3433, as such Sections may be amended from time to time. Each successor and assignee of Trustor, including any holder of a lien subordinate to this Deed of Trust, by acceptance of its interest or lien agrees that it shall be bound by the above waiver, as if it had given the waiver itself.

6.9 **Severability.** If any provision of this Deed of Trust should be held unenforceable or void, that provision shall be deemed severable from the remaining provisions and in no way affect the validity of this Deed of Trust except that if such provision relates to the payment of any monetary sum, then Beneficiary may, at its option, declare all Secured Obligations immediately due and payable.

6.10 **Statement of Obligation.** Upon demand by Beneficiary, Trustor shall pay Beneficiary a fee not to exceed $60.00 or such other maximum amount as may be imposed by law for furnishing any Statement of Obligation as provided by Section 2943 of the California Civil Code.

6.11 **Power to File Notices and Cure Defaults.** Trustor hereby irrevocably appoints Beneficiary and its successors and assigns as Trustor’s true attorney-in-fact to perform any of the following powers, which agency is coupled with an interest: (a) to execute and/or record any notices of completion, cessation of labor, or any other notices that Beneficiary deems appropriate to protect Beneficiary’s interest; and (b) upon the occurrence of any event, act or omission which with the giving of notice or the passage of time, or both, would constitute an Event Default, to perform any obligation of Trustor hereunder; provided however, that Beneficiary, as such attorney-in-fact, shall only be accountable for such funds as are actually received by Beneficiary, and Beneficiary shall not be liable to Trustor or any other person or entity for any failure to act under this Section.

6.12 **Arbitration.**

(a) **Arbitration.** The parties hereto agree, upon demand by any party, to submit to binding arbitration all claims, disputes and controversies between or among them (and their respective employees, officers, directors, attorneys, and other agents), whether in tort, contract or otherwise arising out of or relating to in any way (i) the loan and related loan and security documents which are the subject of this Deed of Trust and its negotiation, execution, collateralization, administration, repayment, modification, extension, substitution, formation, inducement, enforcement, default or termination; or (ii) requests for additional credit.

(b) **Governing Rules.** Any arbitration proceeding will (i) proceed in a location in California selected by the American Arbitration Association (“AAA”); (ii) be governed by the Federal Arbitration Act (Title 9 of the United States Code), notwithstanding any conflicting choice of law provision in any of the documents between the parties; and (iii) be conducted by the AAA, or such other administrator as the parties shall mutually agree upon, in accordance with the AAA’s commercial dispute resolution procedures, unless the claim or counterclaim is at least $1,000,000.00 exclusive of claimed interest, arbitration fees and costs in which case the arbitration shall be conducted in accordance with the AAA’s optional procedures for large, complex commercial disputes (the commercial dispute resolution procedures or the optional procedures for large, complex commercial disputes to be referred to, as applicable, as the “Rules”). If there is any inconsistency between the terms hereof and the Rules, the terms and procedures set forth herein shall control. Any party who fails or refuses to submit to arbitration following a demand by any other party shall bear all costs and expenses incurred by such other party in
compelling arbitration of any dispute. Nothing contained herein shall be deemed to be a waiver by any party that is a bank of the protections afforded to it under 12 U.S.C. §91 or any similar applicable state law.

(c) No Waiver of Provisional Remedies, Self-Help and Foreclosure. The arbitration requirement does not limit the right of any party to (i) foreclose against real or personal property collateral; (ii) exercise self-help remedies relating to collateral or proceeds of collateral such as setoff or repossession; or (iii) obtain provisional or ancillary remedies such as replevin, injunctive relief, attachment or the appointment of a receiver, before during or after the pendency of any arbitration proceeding. This exclusion does not constitute a waiver of the right or obligation of any party to submit any dispute to arbitration or reference hereunder, including those arising from the exercise of the actions detailed in sections (i), (ii) and (iii) of this paragraph.

(d) Arbitrator Qualifications and Powers. Any arbitration proceeding in which the amount in controversy is $5,000,000.00 or less will be decided by a single arbitrator selected according to the Rules, and who shall not render an award of greater than $5,000,000.00. Any dispute in which the amount in controversy exceeds $5,000,000.00 shall be decided by majority vote of a panel of three arbitrators; provided however, that all three arbitrators must actively participate in all hearings and deliberations. The arbitrator will be a neutral attorney licensed in the State of California or a neutral retired judge of the state or federal judiciary of California, in either case with a minimum of ten years experience in the substantive law applicable to the subject matter of the dispute to be arbitrated. The arbitrator will determine whether or not an issue is arbitrable and will give effect to the statutes of limitation in determining any claim. In any arbitration proceeding the arbitrator will decide (by documents only or with a hearing at the arbitrator’s discretion) any pre-hearing motions which are similar to motions to dismiss for failure to state a claim or motions for summary adjudication. The arbitrator shall resolve all disputes in accordance with the substantive law of California and may grant any remedy or relief that a court of such state could order or grant within the scope hereof and such ancillary relief as is necessary to make effective any award. The arbitrator shall also have the power to award recovery of all costs and fees, to impose sanctions and to take such other action as the arbitrator deems necessary to the same extent a judge could pursuant to the Federal Rules of Civil Procedure, the California Rules of Civil Procedure or other applicable law. Judgment upon the award rendered by the arbitrator may be entered in any court having jurisdiction. The institution and maintenance of an action for judicial relief or pursuit of a provisional or ancillary remedy shall not constitute a waiver of the right of any party, including the plaintiff, to submit the controversy or claim to arbitration if any other party contests such action for judicial relief.

(e) Discovery. In any arbitration proceeding discovery will be permitted in accordance with the Rules. All discovery shall be expressly limited to matters directly relevant to the dispute being arbitrated and must be completed no later than 20 days before the hearing date and within 180 days of the filing of the dispute with the AAA. Any requests for an extension of the discovery period, or any discovery disputes, will be subject to final determination by the arbitrator upon a showing that the request for discovery is essential for the party’s presentation and that no alternative means for obtaining information is available.

(f) Class Proceedings and Consolidations. The resolution of any dispute arising pursuant to the terms of this Deed of Trust shall be determined by a separate arbitration proceeding and such dispute shall not be consolidated with other disputes or included in any class proceeding.

(g) Payment Of Arbitration Costs And Fees. The arbitrator shall award all costs and expenses of the arbitration proceeding.
(b) **Real Property Collateral: Judicial Reference.** Notwithstanding anything herein to the contrary, no dispute shall be submitted to arbitration unless: (i) Beneficiary specifically elects in writing to proceed with the arbitration; or (ii) all parties to the arbitration waive any rights or benefits that might accrue to them by virtue of the single action rule statute of California, thereby agreeing that all Secured Obligations, and all mortgages, liens and security interests securing any of the Secured Obligations, shall remain fully valid and enforceable. If any such dispute is not submitted to arbitration, the dispute shall be referred to a referee in accordance with California Code of Civil Procedure Section 638 et seq., and this general reference agreement is intended to be specifically enforceable in accordance with said Section 638. A referee with the qualifications required herein for arbitrators shall be selected pursuant to the AAA’s selection procedures. Judgment upon the decision rendered by a referee shall be entered in the court in which such proceeding was commenced in accordance with California Code of Civil Procedure Sections 644 and 645.

(i) **Miscellaneous.** To the maximum extent practicable, the AAA, the arbitrators and the parties shall take all action required to conclude any arbitration proceeding within 180 days of the filing of the dispute with the AAA. No arbitrator or other party to an arbitration proceeding may disclose the existence, content or results thereof, except for disclosures of information by a party required in the ordinary course of its business or by applicable law or regulation. If more than one agreement for arbitration by or between the parties potentially applies to a dispute, the arbitration provision most directly related to the documents between the parties or the subject matter of the dispute shall control. This arbitration provision shall survive termination, amendment or expiration of any of the documents or any relationship between the parties.

That address is also the mailing address of Trustor as debtor under the California Uniform Commercial Code. ASSIGNMENT AND PLEDGE OF WATER AND WATER RIGHTS

This Assignment and Pledge of Water and Water Rights ("Assignment") is made as of January 1, 2004, by Dudley Ridge Water District ("Dudley Ridge"), Kern County Water Agency ("KWCA"), Semitropic Water Storage District ("Semitropic"), Tejon-Castac Water District ("Tejon-Castac"), Westside Mutual Water Company, LLC ("Westside") and Wheeler Ridge-Maricopa Water Storage District ("WheelerRidge-Maricopa") (each an "Assignor") in favor of Kern Water Bank Authority (the "Authority"), with reference to the following facts:

RECITALS

A. The Authority was formed on October 16, 1995 pursuant to a Joint Powers Agreement between Dudley Ridge, "KWCA, Semitropic, Tejon-Castac, Westside, and Wheeler Ridge-Maricopa, as amended and restated by a First Amended and Restated Joint Powers Agreement dated July 19, 1999 and further amended by the Second Amendment to Joint Powers Agreement dated March 15, 2001 and the Third Amendment to Joint Powers Agreement dated as of the date hereof (as amended, the "Joint Powers Agreement"). Dudley Ridge, KWCA, Semitropic, Tejon-Castac, Westside and Wheeler Ridge-Maricopa are collectively referred to herein as the "Member Entities.”

B. Pursuant to the Joint Powers Agreement, the Authority manages the Kern Water Bank and owns and maintains the real property described in Exhibit A, attached hereto and incorporated herein by reference (the "Property"), for its benefit and the benefit of the Member Entities. Pursuant to Section 4.5(b) of the Joint Powers Agreement, each of the Member Entities has granted a security interest in all water which such Member Entity may have in storage in the Project (as defined in the Joint Powers Agreement) at any time and from time to time, to the Authority for the benefit of the Authority and all other Member Entities, to secure the obligations under (1) the Joint Powers Agreement, (2) the "Participation Agreement for Pastoria Energy Project" dated March 15, 2001, and (3) the Operating Rules and Regulations (as defined in the Joint Powers Agreement), including payment to the Authority of assessments, including assessments for debt service obligations for Bonds (as defined in the Joint Powers Agreement) as provided in the Joint Powers Agreement (collectively, the "Obligations"). Section 4.5(b) also requires each Member Entity to execute all documents which the Authority and its counsel may deem advisable from time to time to perfect and maintain such lien.

C. The Authority has caused to be issued its Variable Rate Demand Revenue Bonds, Series 2003A and Series 2003B, and in connection therewith has entered into a Reimbursement Agreement dated November 1, 2003 with Wells Fargo Bank, National Association (the "Bank"). The Reimbursement Agreement requires that this Assignment be entered into on or before
February 24, 2004. The Authority and its counsel therefore deem it advisable for each Member Entity to execute this Assignment.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor and the Authority agree as follows:

1. ASSIGNMENT.

Each Assignor hereby pledges, assigns and grants to the Authority a security interest in all water which such Assignor may have in storage in the Project at any time and from time to time, and in all proceeds thereof, additions and accretions thereto, and substitutions and replacements therefor (the “Assignor’s Collateral”), to secure the payment and performance of such Assignor’s Obligations.

2. DEFAULT.

Should an Assignor default in the performance or payment of any of its Obligations, then, in addition to other remedies which are otherwise available, the Authority may exercise the remedies set forth in Sections 4.5(c) and 4.5(d) of the Joint Powers Agreement with respect to such Assignor.

3. RIGHTS AND DUTIES OF THE PARTIES.

3.1 Representations and Warranties. Each Assignor represents and warrants that such Assignor is the owner of all right, title, and interest in such Assignor’s Collateral free and clear of all liens, encumbrances, and security interests, except the security interest created by the Joint Powers Agreement and this Assignment.

3.2 Releases, Extensions, Modifications and Additional Security. Without affecting the liability of any Assignor or any other Member Entity for the payment and performance of such Assignor’s Obligations or the lien of this Assignment, the Authority may from time to time without notice:

(a) release any Member Entity for payment of any Obligation;

(b) extend the time for payment, or otherwise alter the terms of payment, of any Obligation;

(c) accept additional real or personal property of any kind as security for any Obligation, whether evidenced by deeds of trust, mortgages, security agreements or any other instruments of security; or

(d) alter, substitute or release any property securing the Obligations.

3.3 Compensation and Reimbursement of Costs and Expenses. Each Assignor agrees to pay or reimburse the Authority for all costs, expenses and other advances which may be incurred or made by the Authority to protect or preserve such Assignor’s Collateral or to enforce any obligations of such Assignor under the terms of this Assignment, including the exercise of any rights or remedies with respect to such Assignor afforded hereunder or under applicable law, whether any lawsuit is filed or not, or in defending any action or proceeding with respect to such Assignor arising under or relating to this Assignment, including attorneys’ fees and other legal costs, costs of any sale of the Assignor’s Collateral and any cost of evidence of title.
3.4 Exculpation. The Authority shall not be directly or indirectly liable to any Assignor or any other person as a consequence of the Authority’s exercise of or failure to exercise any rights, remedies or powers granted to it in this Assignment, or of the Authority’s failure or refusal to perform or discharge any obligation or liability of any Assignor under any agreement related to any Assignor’s Collateral or under this Assignment. Each Assignor hereby expressly waives and releases all such liability, and agrees that no such liability shall be asserted against or imposed upon the Authority.

3.5 Perfection of Security Interest. The parties intend that the security interests granted under this Assignment and under the Joint Powers Agreement be perfected by the Authority’s possession of the Collateral. Each Assignor authorizes the Authority to cause a Financing Statement to be filed in the Office of the California Secretary of State and/or recorded in the Office of the Kern County Recorder, and further authorizes the Authority to cause this Assignment to be recorded in the Office of the Kern County Recorder, if any such filing or recordation is requested by the Bank.

4. MISCELLANEOUS PROVISIONS

4.1 No Waiver or Cure. No waiver shall be implied from any delay or failure by the Authority to take action on account of any default of any Assignor. Consent by the Authority to any act or omission by any Assignor shall not be construed as a consent to any other or subsequent act or omission or to waive the requirement for Authority’s consent to be obtained in any future or other instance.

4.2 Severability. If any provision of this Assignment should be held unenforceable or void, that provision shall be deemed severable from the remaining provisions and in no way affect the validity of this Assignment.

4.3 Entire Agreement. This Assignment, together with the Joint Powers Agreement, constitutes the final, complete, and exclusive statement of the terms of the agreement between the parties pertaining to the Authority’s security interest in each Assignor’s Collateral and supersedes all prior and contemporaneous understandings or agreements of the parties with respect thereto.

4.4 Ambiguities. Any rule of construction to the effect that ambiguities are to be resolved against the drafting party shall not apply in interpreting this Assignment.

4.5 No Third Party Beneficiary. This Assignment is made solely for the benefit of the parties to this Assignment and their permitted successors and assigns, and no other person or entity shall have or acquire any right by virtue of this Assignment.

GRANT OF EASEMENT DISCLOSURE STATEMENT

This Disclosure Statement will assist you in understanding your rights as a property owner when granting an easement to PG&E to accommodate your neighbor's new utility service extension. Please read this disclosure carefully before signing the Grant of Easement.

- You are under no obligation or threat of condemnation by PG&E to grant this easement.
- The granting of this easement is an accommodation to PG&E's applicant requesting the extension of PG&E utility facilities to the applicant's property or project, pursuant to the Line Extension Rules 15 and 16, as authorized by the California Public Utilities Commission. As this is an accommodation to a single customer or group of customers and not PG&E, the California Public Utilities Commission has not authorized PG&E to purchase such easements.
- By granting this easement to PG&E, the facilities installed within the easement across your property may be used to serve additional customers in the area.
- Removal and/or pruning of trees or other vegetation on your property may be necessary for the installation of PG&E facilities. You have the option of having PG&E or its contractors perform this work on your property, or having the applicant or the applicant's contractor perform this work.
- The description of the location in which the PG&E utility facilities are to be installed upon, in, on, or across your property must be satisfactory to you.
- The California Public Utilities Commission has authorized that the installation of certain utility facilities for utility service may be performed by the applicant. In addition to granting this easement to PG&E, you will need to give your consent to the applicant, or applicant's contractor, working on your property. Upon completion of the applicant's installation, the utility facilities will be inspected by PG&E. When the facility installation is determined to be acceptable the facilities will be conveyed to PG&E.

By signing the Grant of Easement, you are acknowledging that you have read this disclosure and understand that you are granting the easement to PG&E of your own free will. Please return the signed and notarized Grant of Easement and this Disclosure Statement to PG&E. The duplicate copy of the Grant of Easement and this Disclosure Statement is for your records.
